

MERKBLATT BEITRÄGE

Hinweis: Das vorliegende Merkblatt dient der Übersicht über das Thema. Daraus können keine Ansprüche der Versicherten abgeleitet werden. Rechtlich verbindlich sind das Vorsorgereglement sowie die einschlägigen Rechtsgrundlagen.

Das Beitragsverhältnis Arbeitnehmende : Arbeitgebende beträgt 44 : 56 (Sparplan Standard). Alle Prozentsätze beziehen sich auf den versicherten Lohn (Ziff. 18 Abs. 2 Vorsorgereglement).

Die Arbeitnehmenden ab Alter 25 haben die Möglichkeit mit der Sparvariante Minus resp. Plus tiefere resp. höhere Sparbeiträge zu entrichten. Die Wahl der Sparvariante hat einen direkten Einfluss auf die persönliche Altersvorsorge. Ein Wechsel des Sparplans kann gewählt werden:

- auf jeden 1. Januar (Eingang Antrag bis 31. Dezember des Vorjahres bei der sgpk) oder
- bei Eintritt, für das laufende Geschäftsjahr bis 3 Monate nach Versicherungsbeginn.

Der Beitrag des Arbeitgebenden ist in allen drei Sparvarianten gleich hoch.
